

Victoria County Urgent Treatment Centre

What is an Urgent Treatment Centre?

The temporary Victoria County Urgent Treatment Centre provides access to care for those with unexpected, but non-life-threatening health concerns with appointments offered within one to two days.

Patients will be seen by appointment only.

Some examples of urgent, non-life-threatening illnesses or injuries include:

- ✓ mild abdominal pain
- ✓ simple fractures
- ✓ limb sprains
- ✓ mild muscle strains/sprains
- ✓ mild headaches
- ✓ earaches
- ✓ minor infections
- ✓ skin and eye irritations
- ✓ mild asthma
- ✓ small lacerations
- ✓ mild mental health support
- ✓ minor respiratory issues

The temporary **Victoria County Urgent Treatment Centre** is different than an emergency department in that it provides care for non-life-threatening illness or injuries, does not receive ambulances, and only sees patients by appointment.

By Appointment Only.

To book (or cancel) an appointment call 902-295-2983. No walk-ins. You will be assessed by a nurse, who will then book your appointment.
