

Where to go for healthcare

www.nshealth.ca

People with potentially life-threatening conditions should immediately call 911 or go to their nearest emergency department. The 24-hour mental health crisis line is also available at 1- 888-429-8167. You can also visit mhaelpns.ca for non-urgent information on support and available services.

If you have a health concern, your first call should be to your primary care provider (family doctor or nurse practitioner). If your provider is not available, or you do not have one, there are other services ready to help you. There are also programs to help keep you healthy. The primary care options across the province are listed below and the services in your area are on the back page.

811 and Need a Family Practice Registry

Call 811 to speak with a registered nurse for healthcare advice, 24 hours a day, seven days a week. Also, there is information on more than 500 health topics at 811.NovaScotia.ca.

The Need a Family Practice Registry connects Nova Scotians who do not have a primary care provider with a family practice. Add your name to the registry at needafamilypractice.nshealth.ca or call 811.
